

# MASS FOR MAX 50

- Infection control procedures, to be used during services in the Catholic Church from May 7<sup>th</sup>, 2020 and until further notice.
- A maximum of 50 faithful can attend during each mass and church service - in addition to those who are ministering in the church.

## WHAT YOU DO?

- You must preregister and receive confirmation before attending the church service (Remember: It is easier to reserve a seat during weekday masses)
- You do not go to a church service if you are infected or ill (even in case of mild symptoms)

- Both right outside and within the church, you must keep a distance of at least one meter between yourself and anyone not in your household
- You must use a disinfectant (antibac) before you enter the church and before you receive communion

- You must follow the directives of the church usher
- You must not shake hands with anyone
- You cough or sneeze into your elbow or a paper tissue that you subsequently dispose of
- You are not obliged to receive communion if you are worried about getting infected

## WHAT HAPPENS BETWEEN SERVICES?

- Frequent and thorough cleaning with water and detergents is carried out
- There will be extra cleaning of all surfaces and points of contact in the church

- There will be extra cleaning in the restrooms
- Hymn books will be removed

## WHAT DOES THE PRIEST DO?

- The priest is careful about good hand hygiene before, during, and after the service
- The priest performs extra hygiene measures before and during the distribution of communion

- The priest is responsible for making sure that good and systematic cleaning of the church is carried out between services
- The priest must not celebrate if he is infected or ill (even in case of mild symptoms)

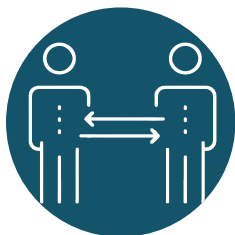

## WHAT DOES THE CHURCH USHER DO?

- Makes sure that only people who have preregistered are allowed access to the church service

- Is responsible for making sure that no more than 50 people attend the church service at any given time. This is in addition to those who are ministering

- Ensures that everyone uses a disinfectant spray (antibac)
- Ensures that the rule of keeping a distance of at least one meter between people is observed during the entire church service
- Makes sure hymn books are not available
